Additional Proposal: spend remaining funds on teacher proposal requests for needed technology, equipment, or instructional materials related to their classroom and/or curriculum delivery. Proposal requests from teachers will be due on 4/12/2017 and will be presented at the next community council meeting. Jenny Pitt made a motion to move forward and approve the projected goals as listed – 2nd by Amy MacKay. Nicki Ellis made a motion to approve the additional proposal of spending the remaining funds on teacher proposal requests – 2nd by Val Johnson. The voting was unanimous.
2. Jason Smith filled in for Shawn Johnson to explain a new student generated scholarship called the Nine Noble Virtues of a Viking. Students are nominated for a \$1,000 scholarship in one of each of the nine virtues. Donations are being sought to fund the scholarship.
3. Jason Smith reported on the Late Start survey. The survey was available to respond to for 3 weeks. There were only 181 responses to the survey. Because of the low response Jason Smith will include in his summer letter that students may opt to not take a 1st or 5th period class in the fall but that would require a parent/student/counselor meeting before it would be approved.
4. The Language Lab is 90% complete and it is projected that it will be done the first of April.
5. Ben Hill made a motion to adjourn – 2nd by Jenny Pitt.
6. The community council will meet again April 19, 2017.
