Welcome: Karen Romrell

Action Items:

1. Approval of 2/17/16 Community Council minutes. Motion to approve – Jenny Pitt. 2nd by Chadli Bodily

Discussion items:

1. Jason Smith gave a report on SIP funds. Right at this time it appears that there will be an excess of funds in Goal #2 (College, Career and Community Readiness). Mr. Smith encouraged discussion on how to best re-allocate the excess funds before the school year ends. After some discussion the council agreed that the best use of these funds would be to target technology needs. The administration will present a specific technology proposal at the next community council meeting.
2. Chadli Bodily reported on the Trustland Budget. There have been no changes other than the continuation of Productivity pay.
3. Dan Linford reported on the status of the school construction project. The architects and planners have been meeting with teachers to get feedback on the project. Weston Weeks reported that the auto shop and vocational building on the east side of the school as well as the boys and girls locker rooms will be the first area of focus. Parking for students will be impacted as construction begins and will continue to be a challenge throughout the process.
4. The next community council meeting is scheduled for March 16th however, Jason Smith will not be in town on that date. It was agreed that the next meeting will be held on March 9th instead so that he can attend. Hollie Barenz made a motion to adjourn – 2nd by Melanie Shepherd.
